KS3 Computing Year 8

Learning Intentions Half Term 3   2024-2025

		LESSON
WEEK 16 wc 6th January	Understand what Python is Understand how to program outputs in python Understand how to program inputs in python Understand the need to store inputs in python Understand how to store inputs into variables in python	
WEEK 17 wc 13th January	Remember how to program outputs in python Remember how to program inputs in python Remember the need to store inputs in python	
WEEK 18 wc 20th January	Remember how to store inputs into variables in python Understand which data type a variable is	
WEEK 19 wc 27th January	Understand why a computer needs to know what the data type is for a given input/variable Learn how to change the data type of a variable	
WEEK 20 wc 3rd February	Remember how we program inputs/outputs/variables Remember what a variable's data type means	
WEEK 21 wc 10th February	Remember how to tell the computer which data type a variable is Learn how programs make decisions in Python
